

SWS3004: Cloud Computing with Big Data

Poster Guidelines

1. Use the Microsoft PowerPoint template provided to create the poster
2. Fill in the logo with a logo for your service
3. Fill in the header section with Title and details of your team members
4. You may change the section header, color scheme and number of sections in the poster, to best present your Cloud Service. However, you should keep the core layout/style intact.
5. Export the poster as PDF before submitting for evaluation. Name the file as Poster-GroupName.pdf and submit both ppt and pdf files.
